SUBJECT : Scientific and Technical Intelligence -  
General (Recommendation No. 15 of the  
4 October 1961 Report to the President

2. The draft assessment and recommendations were prepared in consultation with representatives of the offices concerned, and we now have no objection to them. It should be pointed out, however, that implementation of several of the proposed recommendations will require allocation of additional funds and/or personnel. Under existing budgetary limitations, therefore, support of the proposed recommendations would have to be largely at the expense of existing programs.

3. It is recommended, subject to the above caveat, that you approve the recommendations and supporting assessment submitted by [REDACTED]

Deputy Director (Intelligence)
